## Classic Skiers

Ski in the Classic Tracks.

When you have to Herring Bone up a hill or Snowplow down a hill, move into the Skating Lane to preserve the groomed Classic Track for the next skier.

## Skate Skiers

Be considerate of slower people.

Do not skate over the Classic Track.

## Snow Shoer's

Snowshoe on the far edge of the Skating Lane, not in the middle.

Please do not snowshoe on top of the Classic Tracks.
